Health Workers**
Association of Delaware

**Genetics & Health:
How CHWs can facilitate access to genetic
services for families in Delaware**

Date: Wednesday, May 15, 2024

Time: 12:00P.M. - 1:30P.M.

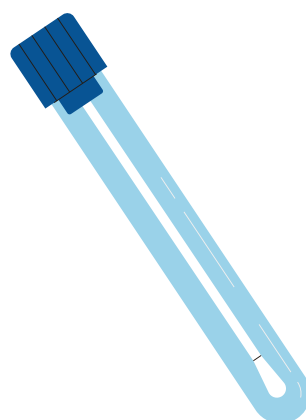

**During this session, you will
learn how to:**

- Describe why genetics is important to the health of DE families.
- Define basic genetic concepts.
- Identify clues to genetic conditions.
- Explain how genetic services can benefit families.
- Outline how a CHW can help improve access to genetics.
- Summarize frequently asked questions about genetics services.
